#### Governor Evers,

On behalf of Barron County and as the Barron County Clerk of Circuit Court, I am requesting that you seriously consider increasing the Circuit Court Support Payments including the GAL allocation and Interpreter reimbursement paid to counties in the next budget.

I have been in my current position for 14 years with an additional 16 years of prior Clerk of Circuit Court Office experience. It has always been my understanding the courts are not intended to be an incomegenerating source. The Circuit Court Support Payment is vital to counties as the County retains the entire amount. Barron County receives annually approximately \$275,000.00 from the State and I am requesting an increase to all counties.

In 2023, Barron County receipted \$1,028,603.41 that was apportioned between the County and the State. The State received \$812,837.72 and the County retained \$215,765.69. 2023 is not an exception and to date, \$1,152,105.73 has been receipted that is divided between the State and County. The State has been allocated \$911,915.44 and the County will retain \$240,190.29. This represents the County retaining only 21% of those amounts collected by staff paid by the County.

Barron County's total anticipated court expenditures in 2025 are budgeted at \$1,990,429.00. Presently the State supports Barron County's court system by paying (\$275,000.00) approximately 14% of annual expenditures. Barron County's interpreter costs alone have more than doubled in 2024. The Interpreter Reimbursement Program now only allows counties to receive reimbursement not to exceed the preceding year's expenses. Counties are struggling.

Lastly, our County Board finally approved a security deputy position to operate a metal detector at the one and only public entrance to the Barron County Justice Center. The Justice Center is a great building built in 2004 with safety in mind to protect the public and employees. A metal detector has been pushed against a wall and has been used only rarely since 2004. Finally, in the 2025 budget, the County Board has approved the security deputy position. It has been a tumultuous journey especially over the past several years. The County Administrator was not able to support the position due to the financial impact of the added position on the County's budget that is estimated to bear an annual cost of \$107,428.00. Barron County is not an exception. The costs associated with maintaining court security personnel in counties is real and because of the cost it is often neglected hoping nothing happens. Sad, but true.

Thank you for your time and allowing my voice to be heard.

Sharon Millermon Barron County Clerk of Circuit Court

#### RESOLUTION NO.

#### INITIAL RESOLUTIONS AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$5,925,000 GENERAL OBLIGATION CORPORATE PURPOSE BONDS, SERIES 2025A

BE IT RESOLVED by the County Board of Supervisors (the "County Board") of Barron County, Wisconsin (the "County") that there shall be issued, pursuant to Chapter 67, Wisconsin Statutes, general obligation bonds in an amount not to exceed \$3,275,000 for public purposes, including paying the cost of the Sally Port Project at the County Justice Center; and

BE IT FURTHER RESOLVED by the County Board of the County that there shall be issued, pursuant to Chapter 67, Wisconsin Statutes, general obligation bonds in amount not to exceed \$2,650,000 for the public purpose of paying the cost of refunding the General Obligation Promissory Note, dated October 22, 2024; and

BE IT FURTHER RESOLVED by the County Board of the County that the general obligation bonds authorized by the previous two paragraphs shall be combined and issued as a single series of general obligation bonds in an amount not to exceed \$5,925,000 (the "Bonds"); and

BE IT FURTHER RESOLVED by the County Board of the County that:

Section 1. Sale of the Bonds. The County Board hereby authorizes and directs that the Bonds be offered for public sale. At a subsequent meeting, the County Board shall consider such bids for the Bonds as may have been received and take action thereon.

<u>Section 2.</u> Notice of Sale and Official Statement. The County Administrator (in consultation with the County's municipal advisor, Ehlers & Associates, Inc. ("Ehlers")) is hereby authorized and directed to cause a Notice of Sale and Official Statement and to be prepared and distributed. The County Administrator shall determine when the Official Statement is final for purposes of Securities and Exchange Commission Rule 15c2-12.

Adopted and recorded March 17, 2025.

County Board of Supervisors Barron County 335 East Monroe Avenue Barron, Wisconsin 54812

Re: Barron County Jail Sally Port / Professional Visitation Addition Commission No. 242028

Dear County Board of Supervisors:

On February 25, 2025, at 2:00 p.m., bids were received from five (5) contractors for the Jail Sally Port / Professional Visitation Addition project at the Barron County Justice Center. A bid tabulation is attached for your review. Market & Johnson, Inc. from Eau Claire, Wisconsin, submitted the low base bid in the amount of \$1,740,893.00. Selection of the Alternate does not affect who the low bidder would be.

#### Alternate No. 1 New Access Drive

#### Add \$27,005.00

This alternate includes a new access drive from the County Maintenance Facility west of the Jail Sally Port. The alternate also includes a new culvert to manage stormwater under the new drive. The proposed Sally Port addition is located over an existing drive which will be eliminated as a result of the project. As a result, the new access drive will provide a new connection between the north and south sides of the Jail to maintain security, site circulation, and efficient snow removal. **Recommendation:** Accept this Alternate

We have confirmed with Market & Johnson, Inc. that their bid is accurate and that they do not have any errors in their bid numbers. In the past, we have successfully completed other projects of similar size and scope with Market & Johnson, Inc. as the General Contractor. We are confident that they will execute the project per the plans / specifications and within the required timeline. We recommend awarding the contract to Market & Johnson, Inc. as follows:

TOTAL CONTRACT		\$1	,767,898

According to available data, the average utility cost per square foot for a highway department building is around **\$2,10**. However, this can vary significantly depending on factors like location, building age, energy efficiency, and the specific type of utilities used.

Key points to consider:

#### Commercial building average:

Most sources cite the average utility cost for commercial buildings as around \$2.10 per square foot.

#### Factors affecting cost:

Climate, building size, equipment usage, and energy efficiency measures can significantly impact the actual utility cost per square foot.

#### Specific data needed:

TOTAL ANNUAL SAVINGS REALIZED WITH NEW BUILDING (162,900 S.F.) VS. OLD (31,325 S.F.) \$94,548.39

## BARRON COUNTY OUTDOOR RECREATION PLAN UPDATE SCOPE OF WORK

#### **General Project Scope**

West Central Wisconsin Regional Planning Commission (WCWRPC) partnered with Barron County (County) to fully update the County's outdoor recreation plan (ORP) in 2019. The County has requested WCWRPC's assistance in the plan update for 2025-2030.

In order to be eligible for Knowles-Nelson Stewardship, Land & Water Conservation Fund, and Recreational Trails Act grant funds, local governments are required to have a WDNR-accepted comprehensive outdoor recreation plan, adopted by resolution, containing sufficient detail related to proposed grant projects. Eligibility lasts up to five years following adoption of the local plan.

This project will result in an update of the *Barron Outdoor Recreation Plan*—2019-2024, which will meet WDNR requirements as a pre-requisite for the previously mentioned funding assistance programs.

#### Core Scope of Work

The following represents the proposed core scope of work. The following timeline for the project is suggested for discussion, but may vary and could be expedited at the County's discretion by mutual agreement:

Activity	Responsibility	Potential Timeline
1. The County will form or designate a Plan Steering Committee that will guide the plan update, provide input on plan changes, and review plan materials. At the County's preference, an existing Committee or Board may serve as the steering committee.	County staff	March 2025
2. Update background data and maps. Review and "redline" changes and additions to plan. Provide these changes to WCWRPC for plan update and mapping. Assist with the development of an online survey.	WCWRPC & Steering Committee	March-April 2025
3. Conduct a web-based public opinion survey to obtain resident input on outdoor recreation activity levels, preferences, potential amenities, etc. WCWRPC will prepare a web-based survey as well as a press release and flyer for distribution by the County.	WCWRPC & Steering Committee	March-April 2025
4. Update supply/inventory and needs assessment sections. Review related plans (SCORP, previous County ORP, existing park plans, County Bike/Ped Plan, Comprehensive Plans) and integrate into the plan update.	WCWRPC	April-May 2025

5. Compile working draft plan update and distribute to steering committee for review and changes, including initial recommendations.	WCWRPC & Steering Committee	June-July 2025
6. MEETING #1: Meet with the steering committee and other stakeholders identified by County to review draft plan. Finalize potential parks and recreation projects over the next five years.	WCWRPC & Steering Committee	July 2025
7. Provide draft plan to WDNR to ensure the plan meets all applicable prerequisite requirements. WCWRPC consults with County staff if any WDNR changes are suggested.	WCWRPC	August 2025
8. PLAN ADOPTION: Finalize plan and distribute to County for adoption. WCWRPC will also provide a model resolution for County consideration.	WCWRPC & County staff	September 2025
9. Submit adopted plan to WDNR for acceptance.	WCWRPC	September 2025
10. If desired, provide plan sections in a format that can be easily integrated into the City's Parks & Facilities website.	WCWRPC	September 2025

Steve Olson, Maintenance Director, or his designee, will serve as the County's primary point of contact with WCWRPC during the planning process. The plan update will be similar in scope, content, and format to the *Barron County Outdoor Recreation Plan—2019-2024*. The ORP update will primarily focus on county-owned facilities and existing county-level recreational trails. To the extent that such information is readily available or provided, the supply section of the plan will reference existing non-county outdoor recreation facilities and trails, but a robust inventory and assessment of such facilities is not included in the scope. The plan will not include detailed drawings, engineering, feasibility analysis, and budgets for certain park features, policies, recommendations, unless provided by the County. The ORP scope is limited to outdoor recreational facilities.

WCWRPC will provide the County with two full-color bound copies of the adopted plan and a PDF version of the plan on a USB Drive. The County is responsible for all other copies of the draft and final plan, along with distribution to committee members. The County is also responsible for coordination with committees, including any agendas, minutes, public notice, meeting spaces, etc.

#### Relationship to the County's Bike & Pedestrian Plan

WCWRPC partnered with Barron County to develop the Barron County Bike & Pedestrian Plan (adopted 10/21/24). The ORP will incorporate any relevant maps and recommendations for consistency between the two plans. Compared to the ORP, the Bike & Ped Plan includes a more detailed assessment of on-road and trail conditions and related infrastructure improvements, including route signage. The ORP update will include maps for County bike, pedestrian and other recreational trails and routes provided by the County and may include limited assessment and recommendations of these systems, especially if WDNR-grant funding is potentially desired for

any related improvements. The Bike & Ped Plan explores connectivity between destinations within the County and the larger region, including bike and pedestrian facilities to and from the County's parks. In comparison, the ORP would address any needed bike and pedestrian improvements within County parks.

#### WCWRPC Cost Estimate

Core Scope of Work \$4,500

#### About WCWRPC

West Central Wisconsin Regional Planning Commission (WCWRPC) is a unit of government statutorily charged under Wis. Stats. §66.0309 with the responsibility of planning for the physical, social and economic development of the region. Local governments are exempt from Federal competitive procurement and bidding requirements when contracting with WCWRPC for professional services. Wisconsin Department of Natural Resources PO Box 7921, Madison, WI 53707

Re: Brownfields Project in the City of Rice Lake

I am pleased to support the Department of Natural Resources efforts to request a Technical Assistance Grant for a brownfield project in the City of Rice Lake.

As Executive Director of Barron County Economic Development, I have worked with the City of Rice Lake for the last 12 years to get Johnson Truck Bodies to relocate from its site on the lakefront in downtown Rice Lake to the North Industrial park. This move would make valuable lakefront in the downtown available for commercial redevelopment.

We achieved that goal recently and Johnson Truck Bodies will be breaking ground in the spring for a new 200,000 square foot facility in the industrial park. This allows for redevelopment of an industrial site that has existed on this location for over 100 years.

We would appreciate any technical assistance that can be provided for this property as this will help the County, City and its residents to vision a reuse of the property and help identify potential developers.

Please feel free to contact me with any questions at (715) 637-6871 or bcedc@co.barron.wi.us.

Thank you for your consideration.

Sincerely, Davíd Armstrong Executive Director
